PROFESSIONAL SUMMARY

Passionate Frontend Developer and Information Technology student with a strong foundation in building responsive, high-performance web interfaces using React.js and modern CSS layouts. Highly skilled in bridging the gap between elegant UI/UX designs and clean, scalable code. Proven experience in independently developing full-scale projects, managing version control via Git/GitHub, and optimizing web user flows.

EDUCATION

Bachelor of Science in Information Technology (BSIT)

University of the Punjab • Govt Jinnah Islamia Graduate College

2023 – 2027 (Expected)

Sialkot, Pakistan

TECHNICAL SKILLS

Core Programming: JavaScript (ES6+), HTML5, CSS3, React.js, React Router, REST APIs

Development & Version Control: Git, GitHub, WordPress, Responsive Web Design, Vite, Web Performance Optimization

Design & UI/UX: Graphic Designing, UI/UX Optimization, Figma concepts, Visual Assets Designing

ACADEMIC & PERSONAL PROJECTS

SialGear (E-Commerce Platform) sialgear.vercel.app

Lead Developer

- Designed and developed a fully responsive e-commerce web application independently using **React.js** and **Vite**.
- Implemented clean **dynamic routing** with React Router to manage complex page navigations and catalog updates smoothly.
- Optimized front-end assets and applied modern CSS grid and flexbox methodologies to guarantee a seamless responsive experience on both mobile and desktop screens.
- Utilized **Git and GitHub** for version control, managing the entire deployment pipeline up to active hosting.

Personal Portfolio Website haseeba-imtiaz.github.io/portfolio-website

Developer & Designer

- Built an interactive, modern portfolio to showcase frontend development projects, skillsets, and certifications.
- Ensured robust UI/UX design and fast loading speed through custom component-based architecture and neat modular structure.
